Event format

FACE-TO-FACE MEETINGS

abe pre-arranges meetings for the supply chain, procurement, technical teams, suppliers and contract manufacturers based on their own choices prior to the event. This is an outstanding tool to save time, meet the right people and discuss their requirements and capabilities in just 2 days

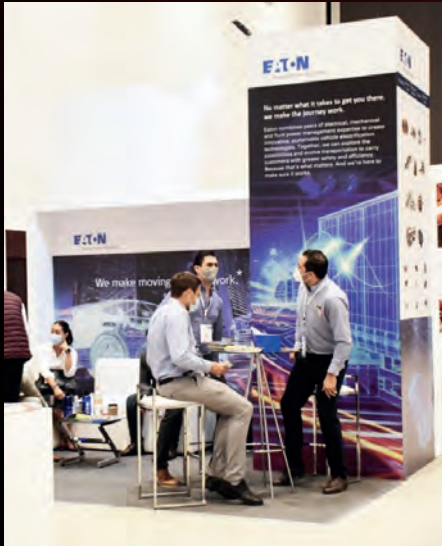

AUTOMOTIVE ADVANCED TECHNOLOGY SUMMIT

The conference will focus on the use and application of innovative technologies in manufacturing and vehicle development that are driving change in the automotive sector. This includes advanced manufacturing techniques; additive manufacturing; digital automation and robotics; electrification; ADAS and autonomous vehicle technologies; and the related topics of cybersecurity, IoT and the smart factory.

WORKSHOPS

Automotive Meetings Queretaro offers a must attend workshops program. These are excellent opportunities for professionals to share experiences and better comprehend the market scientific, industrial, technical and commercial evolutions.
